

Clinisafe Plastic Clinical Waste Container

Product Code:

5186-0000

Our Clinisafe range is specifically designed to enable the safe disposal of non-sharp clinical waste. The large opening and capacity of our 60L container allows for easy disposal of larger waste items, and can be securely locked for final transport.

Available with either a flat lid or a porthole lid for restricted access, and in the following colours for easily identifiable waste segregation.
