0.45L

Product Code:

5170-2430

Please note the last four digits denote the specific aperture type and lid colour.

Our Sharpsafe containers are specifically designed to enable the safe disposal of clinical sharps and minimise the risk of associated injuries.

Our 0.45L has been purpose designed for use in the community setting and fits neatly into a bag or pocket. The 0.45L is specifically shaped to contain the maximum amount of sharps in the minimum amount of space.

Available with different colour lids for easily identifiable waste segregation and a purpose designed handle to aid with safe use and storage.

Sharpsafe's new 5th Generation containers launched in 2022 and were the world's first full range of sustainable single use sharps containers. Engineered using ultra low carbon footprint recycled material showing our commitment to championing change.
